Re: Notice to carrier - state finding, Corrigwell

Dear Ms. Natarajan:

Thank you for the June 17 briefing. As discussed, we have given Great Pines Mutual preliminary notice of the Bureau's finding letter of June 15 (Case No. BYC-FND-2026-0147) under the program's state-correspondence reporting expectation. The carrier's renewal information deadline is thirty days before the August 1 anniversary - July 2 - which falls before your corrective-action plan is complete, so we will submit the finding letter with your scope-isolation memo now and the CAP evidence when filed.

Our recommendation on framing, for your approval before anything further goes to the carrier: lead with the operational record (water quality, 1:25 ratios, incident history) as context; describe the finding precisely as a credential-authority defect on the swim-classification sign-off at one site; and present the four never-examined sibling sites as a documented budget decision, not an omission. The distinction matters for how underwriting prices the 2027 renewal.

Please send the CAP evidence package as soon as it is filed with the Bureau. We will hold the renewal questionnaire draft until your WF5 calendar clears the July 15 license application.

Sincerely,

Suzanne Pell
