Ms. Suzanne Pell, Senior Account Executive
Rowan & Halloway Risk Partners, 77 Exchange Street, 4th Floor, Brennon, AV 04210

Dear Ms. Pell:

In preparation for the KVL Camps renewal on the 08/01/2026 anniversary, underwriting requires the account's renewal questionnaire and currently valued loss runs no later than thirty (30) days prior to the anniversary - that is, by July 2, 2026. Please include the camp's aquatics staffing plan and any state correspondence received during the policy period, including licensing correspondence and findings, open or closed.

We are aware from the broker's preliminary notice that the camp received a state finding concerning credential sign-off authority at one site. Underwriting will want the finding letter, the camp's corrective-action plan when available, and confirmation of the operational record for the affected period. Our concern is controls, not headlines: a narrow credential-authority defect on an otherwise clean operational record reads very differently from a systemic controls failure, and the documentation should let us see which one this is.

Very truly yours,
