- Bottom paint / antifouling (2 coats)
- Anode replacement (shaft and hull)
- Measurement sheet at district request

Measurement Sheet

This sheet is the yard's measurement record for the above vessel, prepared for the Chaldale Harbor District under its documentation standard (Resolution 2022-06 section 4.3).

Measurement date	2024-09-12
Length overall (LOA)	28.1 ft
Load waterline (LWL)	24.6 ft
Beam	9.5 ft
Draft	4.5 ft
Method	Measured on the hard in Yard Bay 1 with the yard's certified 50-ft steel tape, plumb from bow eye to transom centerline.
Measured by	C. Ansel, Yard Measurer
Yard foreman	W. Bricker

Invoice Summary

Item	Amount
Haul/launch 28.1 ft @ \$11.00/ft	\$309.10
Bottom paint, materials and labor, 28.1 ft	\$562.00
Anodes (3) incl. fitting	\$88.50
Measurement sheet and certification	\$45.00
Total	\$1,004.60

Yard Notes

Paint: ablative, dark blue. Old paint flaking at waterline -- extra prep half-hour absorbed by yard. Measurement agrees with district register (28.1 ft); sheet delivered to the moorage counter with the invoice.

For the yard: W. Bricker, Yard Foreman, Foldview Marine Services

Measured by: C. Ansel, Yard Measurer, Yard Measurer
