Re: Offer of permanent moorage -- slip VB-0208 (32 feet, covered), Vessbank basin -- offer OFR-2024-0388

Dear Laura T. Beesley:

Your application of 2011-05-23 has reached the top of the waiting list for this class of moorage (current rank 1,432). The District is pleased to offer you permanent moorage at slip VB-0208 in the Vessbank basin (32 feet, covered), at the current rate of \$10.40 per foot-month (covered class). Moorage is billed on a foot-month basis -- billable length in feet times months billed -- with the billable length measured at check-in and rounded up to the nearest foot.

Please respond in writing or in person at the moorage counter within 10 calendar days of the date of this letter -- that is, by 21 April 2024. A telephone call does not hold the offer open. If we do not hear from you by that date, the offer expires and counts as a decline under Tariff Resolution 2019-14; a second decline moves an applicant to the bottom of the list unless the retainer option is taken.

If you accept, we will schedule a check-in measurement of your vessel at the dock before the moorage agreement is signed. Please bring current insurance and registration documentation.

Yours sincerely: Reuben Calloway, Harbormaster
