|-------|------|---------------------------------------------------------------------------------------------------------------------------------------------------------|
| 08:05 | TY   | Storm check with EK: one tenant line parted at SB-0913, retied; vessel sound. Owner phoned.                                                             |
| 08:45 | TY   | Worked LP-0307 (28' covered). Offer seq: WL-02113 skipped (not-current, retention fee lapsed). WL-02140 declined-prior-offer. Offer to WL-02177 mailed. |
| 09:30 | PC   | Took over. Audit request AR-014 pulled: skip files for Jan-Mar 2023 copied for the auditor and logged out on the request sheet.                         |
| 10:20 | PC   | Keyed amendment for WL-02988: HIN corrected (transposed digits, owner spotted on confirmation). Source: registration.                                   |
| 10:22 | PC   | Correction: first keyed under WL-02989 by mistake -- reversed and re-keyed under WL-02988. Both rows in register. struck PC 03-14                       |
| 11:15 | PC   | Training prep: printed reason-code quick reference for the May session; checked measuring rail calibration tag (in date to 11/2025).                    |
| 13:05 | NO   | Took over afternoon. Till counted with PC.                                                                                                              |
| 13:40 | NO   | Worked GW-0702 (24' open). WL-02518 skipped (vessel-fit, beam 9.4 ft of record vs 9 ft posted). File with particulars printout.                         |
| 14:30 | NO   | Phone: applicant asking whether haul-out sheet counts for a length change -- yes, per Res. 2022-06 s.4.3, if it is the yard's measurement sheet.        |
| 15:10 | NO   | WL-03012 in person -- moved to retainer list, retainer fee paid, original application date retained. Receipt R-2025-0884.                               |
| 16:20 | NO   | Day log closed.                                                                                                                                         |

End of day -- log closed and countersigned. Page(s) filed in the day-log binder at the counter.
